Sir:

In furtherance of the Information Disclosure Statement of January 17, 2006, Applicants submit the following additional information.

The Form PTO-1449 originally submitted stated that there were two sheets. This was in error. There is only one sheet.

Five foreign patent references were submitted only in the original languages.

Three of the references have corresponding English applications or partial text as follows:

DE A1 199 48 556 corresponds to the first three listed US patents to Fattouche.

EP 0 600 796 includes English language claims with reference numbers beginning in Column 37.

DE T5 101 96 828 corresponds to WO 01/47005 (copy enclosed)

Docket No.: 42390P11619
Application NO.: 09/698,536

- 1 -

For two of the references, no translation is available and the references are believed to be relevant only to the general background.

DE 1 240 146 describes a system for determining the location of a motor vehicle or airplane using triangulation. Figure 3 shows the vehicle at 1 transmitting to fixed receivers I, II, III which combine their signals to determine the position of the vehicle.

DE A1 199 07 024 shows a position determination system with three transceivers 11, 12, 13. The specification deals with translating between different frames of references.

If there are any additional charges, please charge Deposit Account No. 02-2666.

Respectfully submitted,
BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP
